

Hello everyone, I'm Lena. I've got an English Philology Bachelor's degree, a teaching certificate obtained in South-West University "Neofit Rilski", a 120-Hour Professional TEFL certificate, and have been working as an online English teacher since 2018. I've conducted 15k+ online English classes so far. I've taught Bulgarians, Asians, Russians, Europeans, Turkish people; you name them – I've taught them. ☺ I'm here to help you and guide you as you learn the universal language in a simple, easy and fun way. I'd assist everyone, who would want to improve their English level. In my classes, you would be able not only to practice your grammar and do exercises, but also to express your ideas freely, speak a lot in English, and have a great time meanwhile. In addition, I'm also used to teach individuals of all English levels and generations. I'm currently studying MA in Translation and Contemporary English Literature. Finally, I like laughing, meeting positive people, and creating unforgettable memories. So what are you waiting for? Come to my class! Thank you! Bye!
